In the case of a rerun if one or more beasts break the camp the lowest cut-out score will be used.

To obtain a cut-out score, horse and beast must cross the line at the front of the camp.

- i) Should a beast, after being selected by a competitor, jump out over the fence of the camp or break through a section of the camp fence, the beast will be termed not lost, but be returned to the camp. At the judge's discretion only can another beast be allotted to the competitor under the conditions as set out in the 2nd last sentence of Rule no. 11h.

i. In the event of a split knocked down peg, the competitor must attempt to complete the peg and no points for that peg or any subsequent peg will be allowed.

j. Only one attempt at the gate after competitor completes the second peg and that attempt will be deemed to be over when beast is turned to face away from the gate. Failure to make a reasonable attempt at the gate will incur disqualification.

infringements.

23. A broken peg is classified as a knock down.
24. The winner and place getters are declared when the riders have passed the finishing line, mounted on their horses and with all the flags in the "cask", and have completed the course in accordance with these rules.
25. In the event of all competitors in the final being disqualified for infringement of the rules, the final must be re-run to determine a winner.
26. If on the re-run all the competitors are disqualified for infringement of the rules, the placings will be determined by the times taken in the qualifying round and only if competitors remain equal, a re-run of horses concerned is conducted.

 - c) By taking the required number of fastest times to fill the placings, to be run off as the final, in a first past the post contest.
13. Pegs should not be touched by the contestants' hands and if in the opinion of the judge a peg is deliberately prevented from falling by the use of the hand, such action can mean disqualification.
14. If the event is run off in heats: only horses placed first in heats may run off in semi-finals and/or finals. If there are insufficient first place getters in heats, to fill all final placings, then horses placed second in heats run off against each other for any unfilled minor placings.
15. In heats or semi-finals, disqualified horses will take no further part in the event and should retire from the course.
16. Schooling on the course is not permitted.
17. No peg or standard may be driven into the ground.
18. If at the judge's discretion, a false start is declared, riders will be recalled by whistle or bell.
19. A peg or pegs broken in a bending race will be deemed a knocked down peg.
20. The winner and place getters are declared when the riders have passed the finishing line, mounted on their horses and with all pegs in his/her line standing and the course has been completed in accordance with these rules.
21. In the event of all competitors in the final being disqualified for infringement of rules, the final must be re-run to determine a winner.
22. If some of the finalists are eliminated in the final heat, leaving insufficient competitors to fill all the placings, the remaining minor placings will be determined by their times taken in the qualifying round and only if competitors remain equal, a re-run of horses concerned is conducted.

BARREL RACE

1. Barrel distances are as shown on the sketch. The outside edge of the barrel will touch the measured spot in order that the horse will be required to travel only the measured distance.
2. Barrels are to be 44 gallon size drums, with tyres.
3. Riders may go to either right or left barrel first, but must make one left hand turn and two right turns, or one right turn and two left turns.
4. The starting and finishing line and the position of the barrels must be marked permanently for the entire fixture.
5. A 5 second penalty will be added for:
 - a. each barrel knocked over;
 - b. each barrel touched with hand.
6. A flying start is allowed.
7. Riders are in the hands of the judges once they say they are ready, but judges will not start riders until they advise they are ready.
8. Watches used to be in at least tenths of a second.
9. Horses are to be timed on the nose crossing the starting and finishing line.
10. In any championship there are to be at least 2 official timers — an official timer and a check timer. These timers are to remain the same throughout the championship, except in the case of sickness or injury.
11. Each horse may have only one start in the event.
12. In determining the first 5 placings, if any horses register equal times, the horses concerned will be re-run to determine their placings.
13. Horses registering equal times for placings for 6th to 10th place will be scored by equalizing the points.

Disqualification to result from:

- a. Not following the prescribed barrel racing patterns.
- b. Any horse which in the opinion of the judge is deemed to be unfit for the event, to be disqualified at the discretion of the judge or judges.
- c. Excessive hitting of the horse with spurs, whips or any object whatsoever.
- d. The carrying of whip in the mouth.

BARREL RACING — DUAL

Course measurements, identical to normal course, however both competitors will use common barrel as shown in illustration. Options are:

Start:

- 1 Flying start, time both horses through gates.
- 2 Flying start, horses started by signal (go!) at start line and individually timed through gate. Start line to be 9.15 m (30') prior to gate.

Course:

Either right or left hand — to be determined by:

- 1 Steward, starter, judge.
- 2 Toss of coin, choice of successful call.

Should the course be a left hand one; the left hand competitor of course takes the left hand barrel first; the right hand horse takes the CENTRE barrel first, (this barrel is common to both competitors) refer to illustration.

Should right hand competitor knock over barrel:

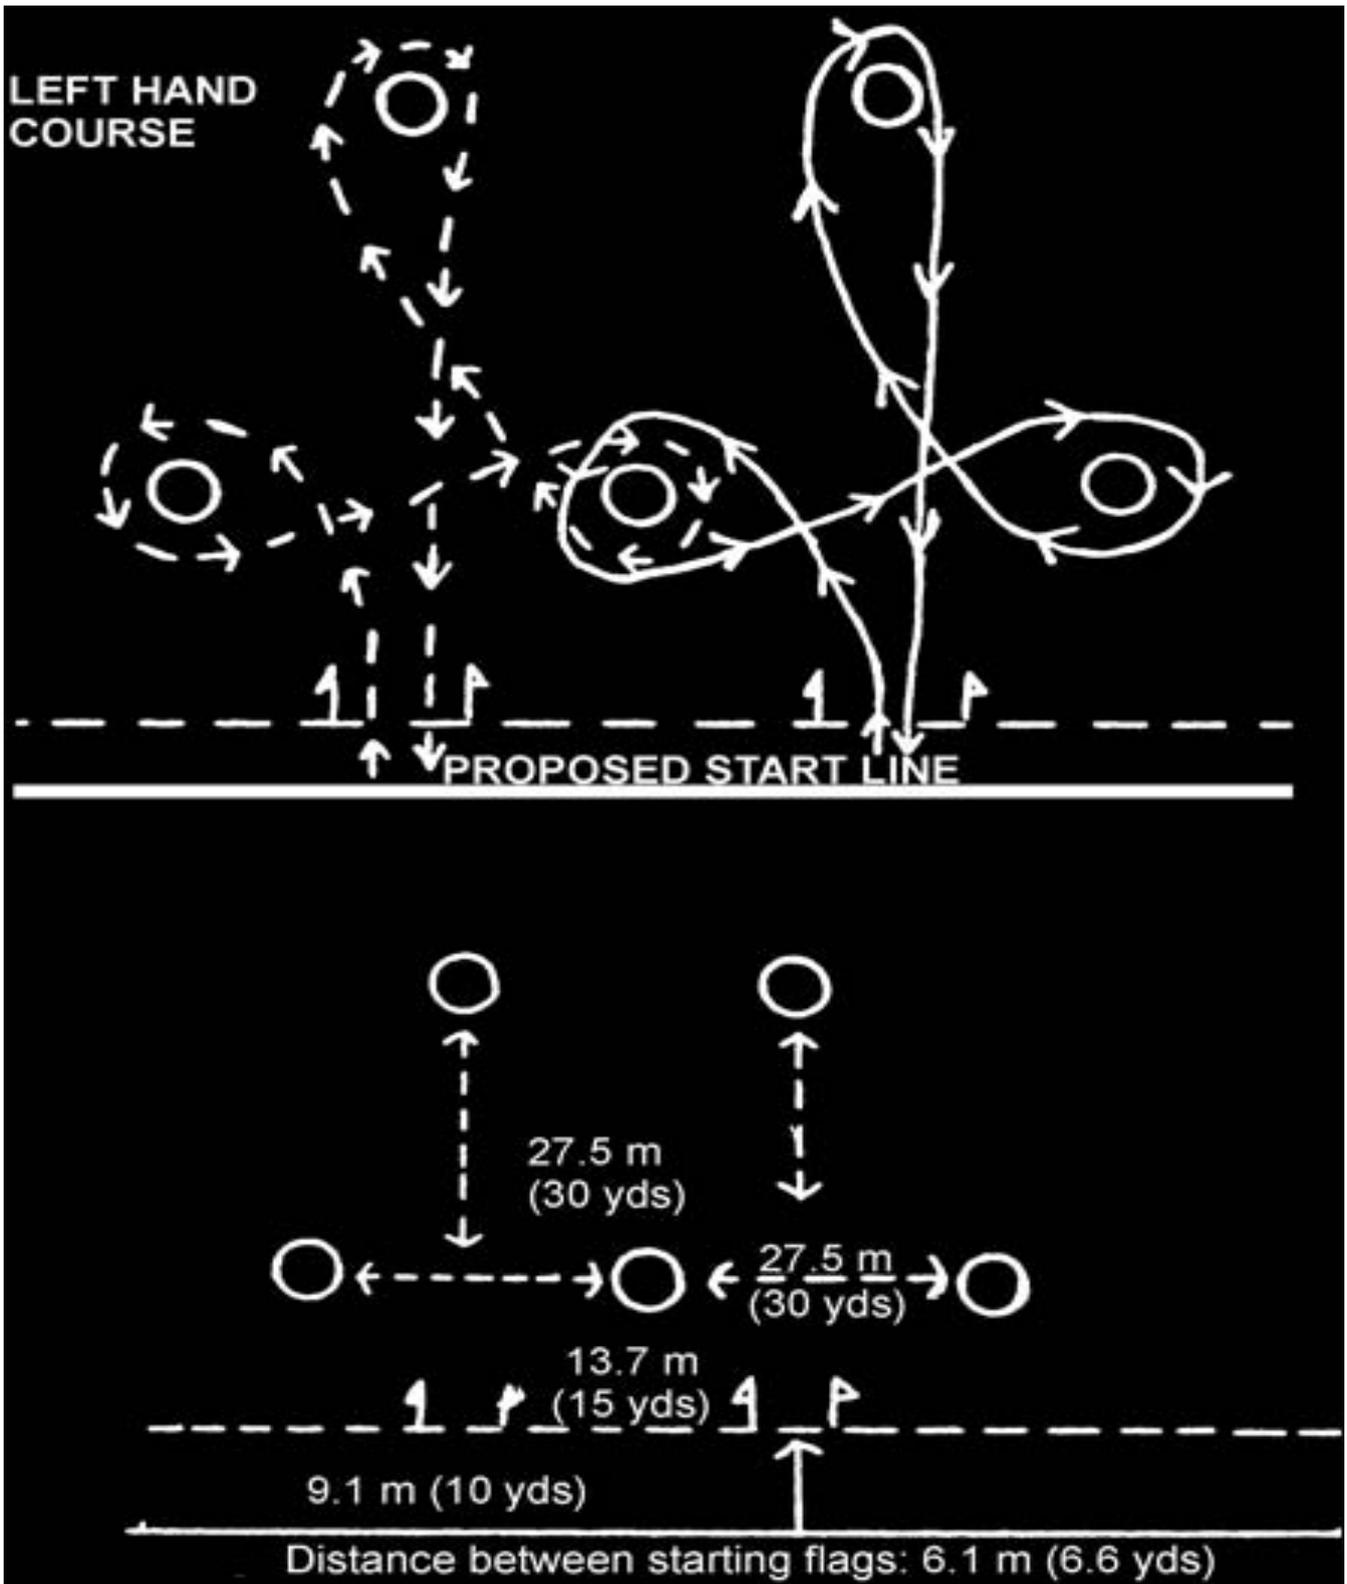

1. Left hand competitor is stopped immediately and given another run later; right hand competitor is allowed to continue, will be penalized for knocking over barrel in usual way.
2. Both competitors stopped immediately, left hand competitor given another run later.

Right hand competitor disqualified.

Finish: Both competitors timed at gate in normal way.

Other: All recognized rules will apply. Course is either left or right, but must be determined prior to start. Dangerous riding will result in disqualification. Any inconvenienced competitor will be given further run.

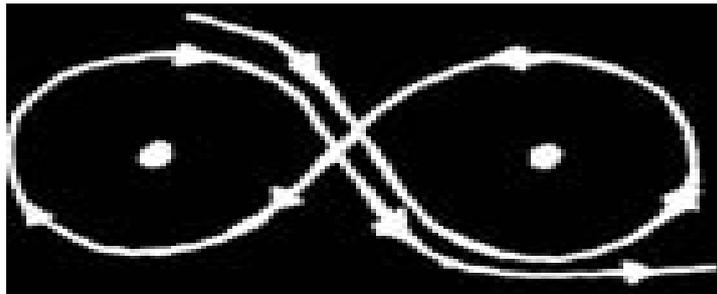

BARREL RACING — DUAL

RIDER IN ACTION

Note: These rules are for guidance only. Organizers are encouraged to use imagination in designing Rider in Action courses. The following is an example with proven rules.

1. It is the option of the organizers to conduct this event as follows:
 - a. In heats, semi-finals and finals, or
 - b. Against the clock, or
 - c. By taking the required number of fastest times to fill the placings, to be run off as the final, in a first past the post contest.
2. If the event is run off in heats: only horses placed first in heats may run off in semi-finals and/or finals. If there are insufficient first place getters in heats to fill all final placings, then horses placed second in heats run off against each other for any unfilled minor placings.
3. In the event of all competitors in the final being disqualified for infringement of rules, the final must be re-run to determine a winner.
4. If some of the finalists are eliminated in the final heat, leaving insufficient competitors to fill all the placings, the remaining minor placings will be determined by their times in the qualifying round.
5. A draw for lanes may take place.
6. **The START:** will take place midway between bending course and first line of hay.
7. **BENDING RACE:** 3 pegs each 6m apart. The competitor is to leave the first peg on his/her right and the knocking down of a peg incurs disqualification.
8. **HURDLE:** Proceed over hurdle (built of baled hay) to figure of eight.
9. **FIGURE OF EIGHT:** Must be taken first peg on the right and ridden one and a half times (refer diagram).

10. **GATES:** Proceed to gates, which must be parallel to line of course. Rider to approach gate on his right with hinge closest to him, open gate, passes through same and closes gate. Wing at least 6m wide to be attached to each side of gate.
11. **IN AND OUT JUMP:** Proceed over In and Out Jump (Use solid rails to build jump).
12. **FLAG RACE:** 3 flags 6m apart. The furthest flag to be taken first and to be continued in sequence. Flags to be placed in bag attached to flag peg. As in flag race rules, an infringement is to be immediately rectified. Failure to do this will incur disqualification. Bending and flag race standards must not be driven into the ground.
13. **FINISH:** Proceed to tyres (1 tyre per lane), dismount, both reins must be removed from over

horse's head and be in a joined position and held across the palm of the hand. A tyre must be in contact with the ground before passing the second line and must be bowled to finishing line and not carried at any time. A line is marked 1 m after the line of tyres.

The tyre must be in contact with the ground before the competitor passes this line. The finishing line is marked 25m from this last line (1 m from tyres).

Finishing pegs are placed midway between lanes. The lines of flag pegs on the finish line.

14. Placings are determined as the rider's body, leading the horse, crosses the finishing line. Rider is preceded by the tyre over finishing line. The knocking of a jump does not incur disqualification.

15. Disqualification will be incurred:

- a. if when leading the horse, the rider fails to hold both reins across the palm of the hand.
- b. if a martingale is left engaged (with reins through rings) when the horse is being led.

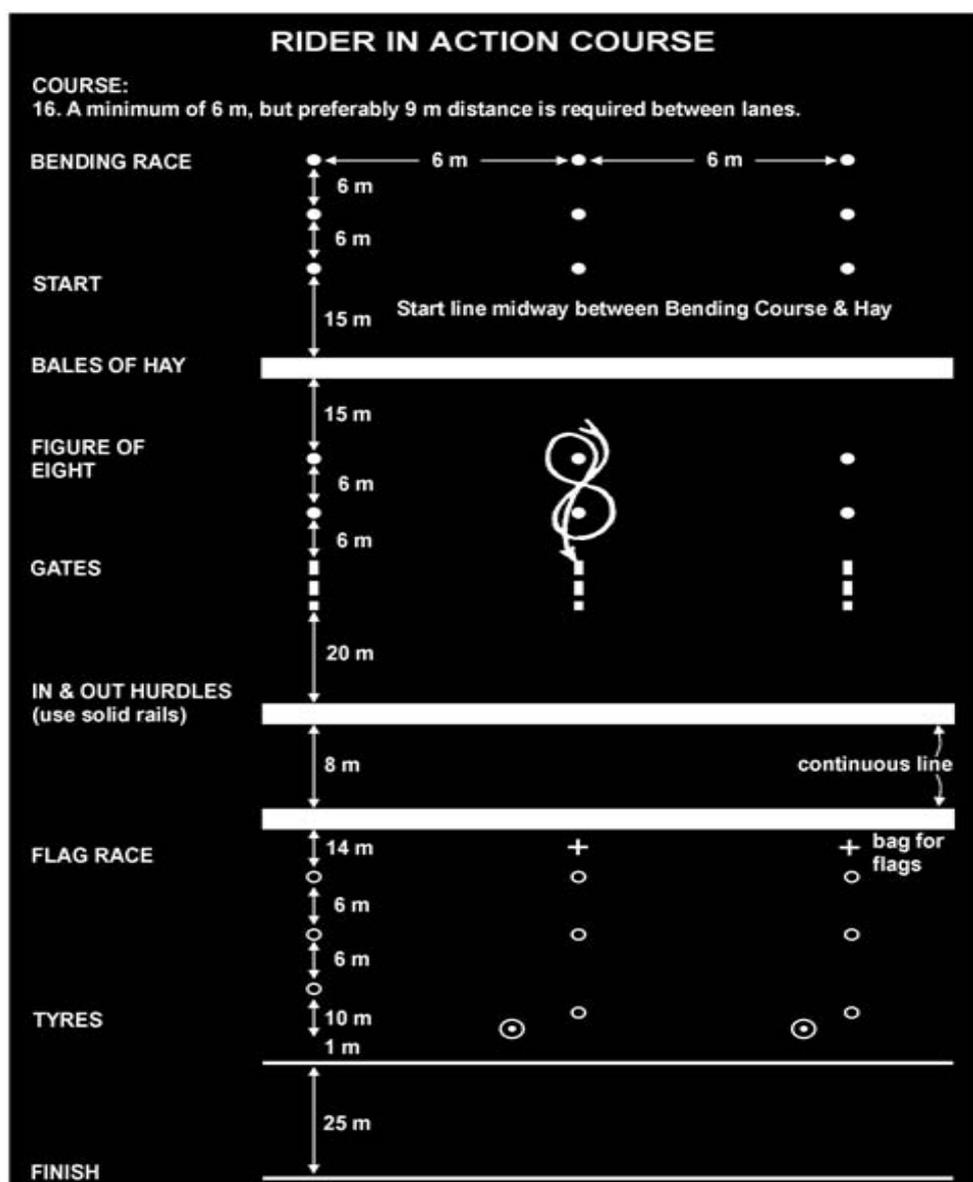

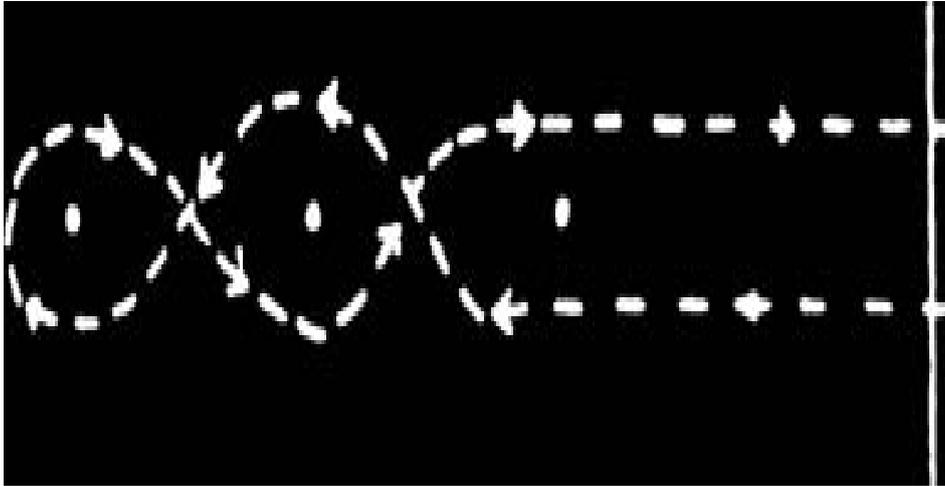

FIGURE OF EIGHT

The rules for this event are the same as for the bending race, except that the 2 furthest pegs are to be taken away and the contestant completes one "Figure of Eight".

This event may be run in heats or against the clock.

RIDER IN ACTION

(Alternative)

The course should be set as in the diagram:

A, B and C being pegs and flags 5.4m apart with 8.2m to drum D; 8.2m to peg E; 8.2m to peg F; 8.2m to small jump or cavaletti G; 10.8m to H (peg or tyre and bag); 8.2m to I; 16.4m to J, the finish line.

Competitors start mounted at D (with D on the right side or offside) and flag race A, B and C then bend A, B and C leaving D and E on the right figure of eight, E and F; leaving E on the right-hand and left-hand turn at F then leave F on the right; jump G; at H dismount and pick up bag with reins over the horse's head in normal leading position. Lead horse to I position place the bag in the tyre, place the reins over the horse's head and mount behind the tyre (the rider must be sitting in the saddle before continuing past the tyre) and continue over the finish line, both feet must be in the stirrups before crossing the finish line. Disqualification rules and disqualifications applying to flag, bending and figure of eight races will be applied to the particular sections. Knocking over the pegs or cavaletti incurs disqualification but knocking over a drum so long as it is replaced does not incur elimination.

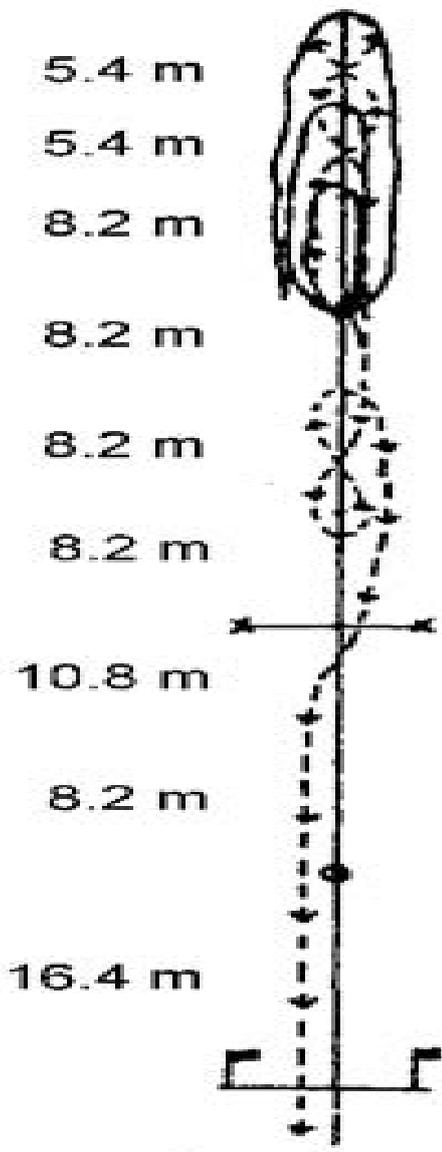

This event may be run under either of the following conditions: however the conditions to be used must be set out in the program.

In relay teams of three: Number 1 rider starts at D. Number 2 and 3 wait dismounted at J. No. 1 when he picks up the bag at H, leads to J, and gives the bag to No. 2 rider. No. 2 rider leads to H, drops bag, mounts and rides to D, commences the course and No. 3 rider repeats No. 2, but puts the bag into tyre at I, mounts and rides to finish at J.

The three riders wait at D, at go, the first rider starts and completes the flag course; the second rider then completes the bending course and the third rider then completes the rest of the rider in action course.

The head of the second horse must not pass D before the head of the first horse passes on the completion of his work and the same applies to the second and third horses.

BONFIELD BOUNCE BEND

RULES:

1. First 2 refusals — time faults only. Third refusal — elimination.
2. Error of course — elimination.
3. Pegs knocked down or broken — elimination.
4. Holding a peg with a hand — elimination.

This event was designed to assist children learning to jump by teaching them to push their horse on, check for control and change direction after each jump. It should be noted:

- (1) There is no penalty for knocking a peg out of alignment
- (2) There is no penalty for knocking the drums or hay bales out of alignment.

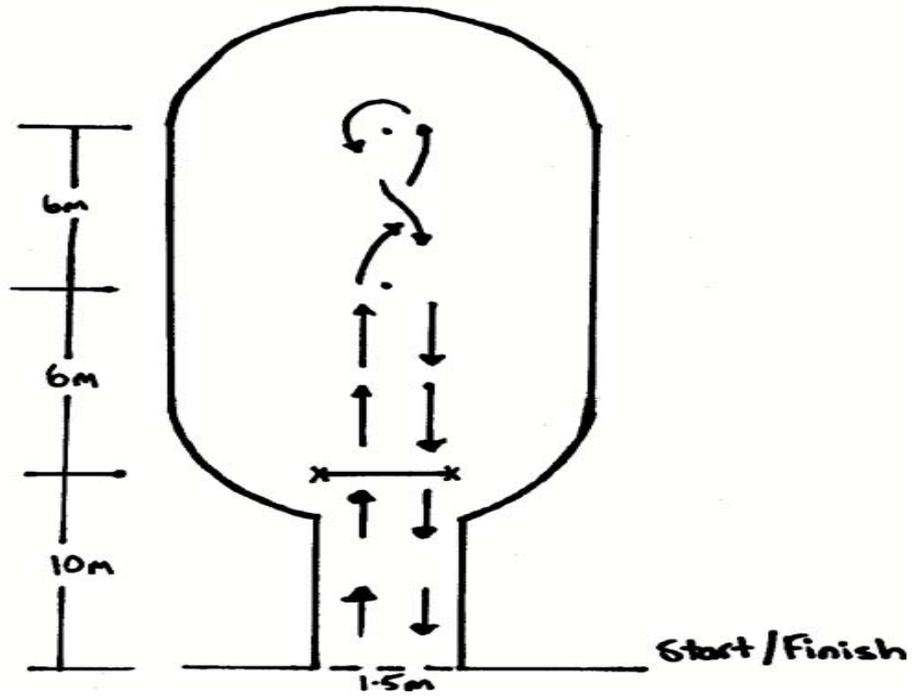

These should be replaced as quickly as possible. Drums should be chocked with poles to stop any movement.

Juniors (Under 13 years) Bonfield Bounce: Plastic drums to be used at State Sporting Championships, be of 205 litre plastic drums cut down so that the height of the obstacle is no less than 30cms and not to exceed 40cms and Seniors (13 years and over) no less than 50cms and not to exceed 60cms .”

KEYHOLE BOUNCE

Keyhole Bounce

Elimination: Horse on or over the line
Peg or rail down
Deviation of course

BEN-BAR-AFT RACE

Course: 4 bending poles spaced at a maximum of 8.2m between each. Beyond the poles is a barrel and parallel to them are two diamond flag stands (i.e. a bucket filled with sand with a pennant type flag, standing on top of a 200 litre drum).

The standard for the Diamond Flag and the Bend Bar R Flag be 5mm rondo suspension wire (plaster company supplies part number 121), approximately 250mm long with identifying ribbon or flag.

The rider bends the poles (refer to diagram) turns right around the barrel, takes the flag from the first bucket and exchanges it for the flag in the second bucket (the flag must be left standing in the sand) and carries the flag across the finishing line.

This is a timed event.

Competitors are eliminated who:

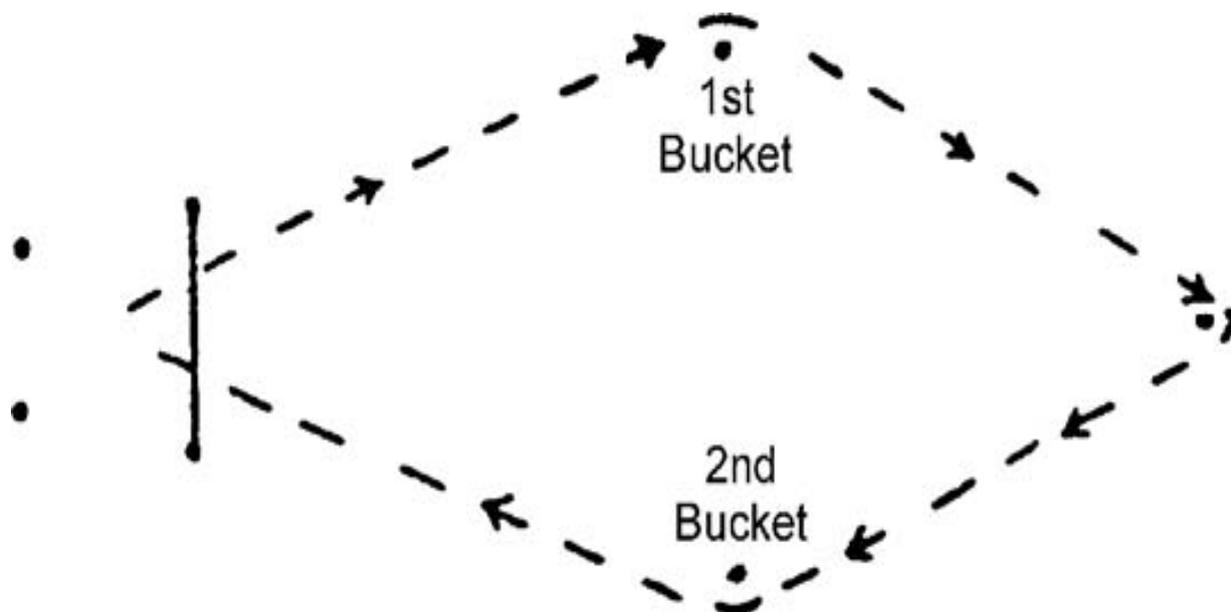

- (1) Knock over a peg, the barrel or a bucket.
- (2) Drop a flag.

Any deviation from the course i.e. step back or circling of the drum one or more times is penalized only by the time taken and will not incur elimination.

NOTE: At State Championships the following dimensions will apply:

- 8m between start and first peg.
- 6m between pegs.
- 8m between last peg and drum

DIAMOND FLAG RACE

There will be 3 flags each of a different colour. The standard for the Diamond Flag and the Bend Bar R Flag be 5mm rondo suspension wire (plaster company supplies part number 121), approximately 250mm long with identifying ribbon or flag.

Buckets on stands will be arranged as laid out in plan.

1 flag will be placed in each bucket, the rider may have a flying start carrying the third flag. He rides to the first bucket where he changes flags, then around the end peg to the second bucket and once again changes flags.

With his new flag in his hand he returns across the starting line. Failure to follow the course shown in the diagram will incur elimination. A knocked down bucket or barrel or end peg or dropped flag incurs disqualification. Flags must be placed in the sand in the bucket with the material end uppermost. Distances will be governed by the space available on the day. This is a timed event.

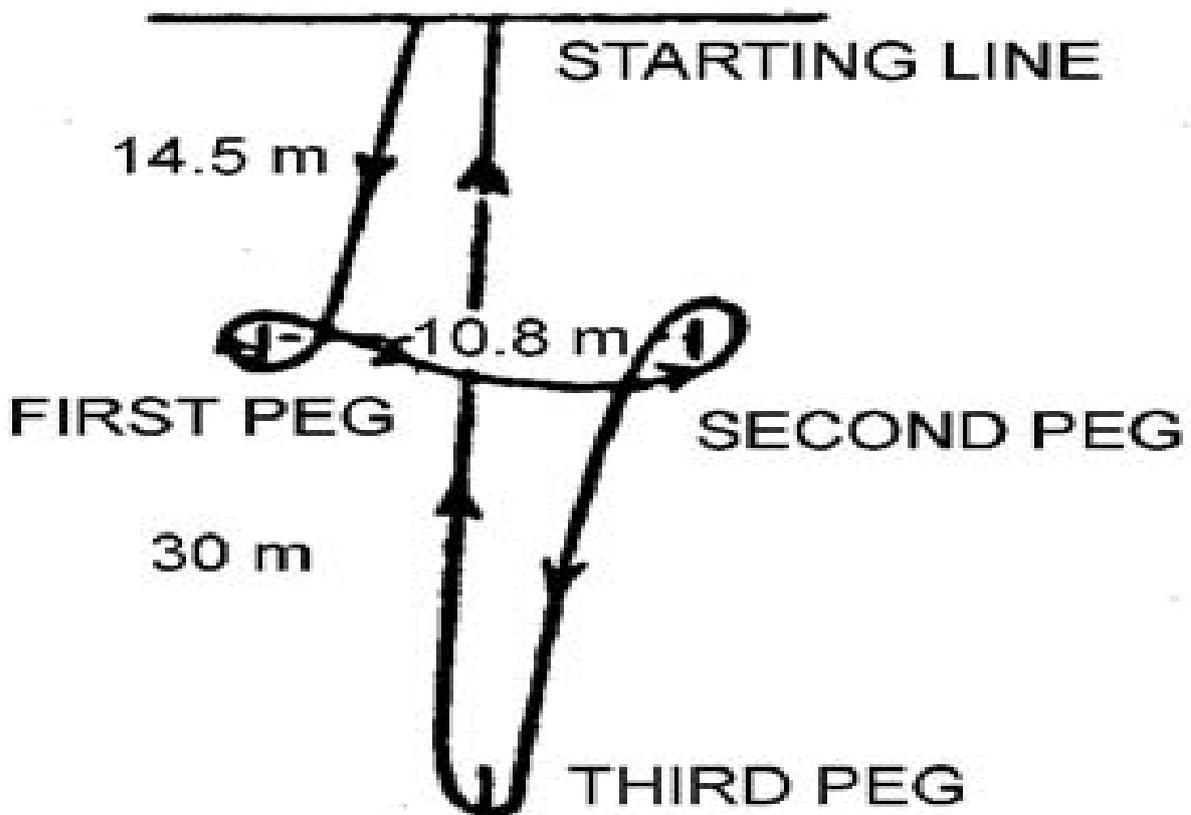

Any deviation from course i.e. step back or circling of the arena one or more times is penalized by the time taken and will not incur elimination.

NOTE: At State Championships the following dimensions will apply:

- 6m wide starting gate.
- 30m between start and end peg.
- 15m across centre between two middle drums.

STOCK HORSE RACE

5. From starting line take a right-hand turn at first peg.
6. Left-hand turn at second peg.
7. Then down field taking a right-hand turn at third peg.
8. Then back between first and second peg across starting line.
9. Each horse is timed, which eliminates the running of heats.
10. The horse with the fastest time and all pegs standing and the course completed correctly is the winner.
11. The distances may be varied according to space available.
12. It may be a flying start. Maximum 6m.
13. A peg or drum knocked over or taken in the wrong direction incurs elimination.

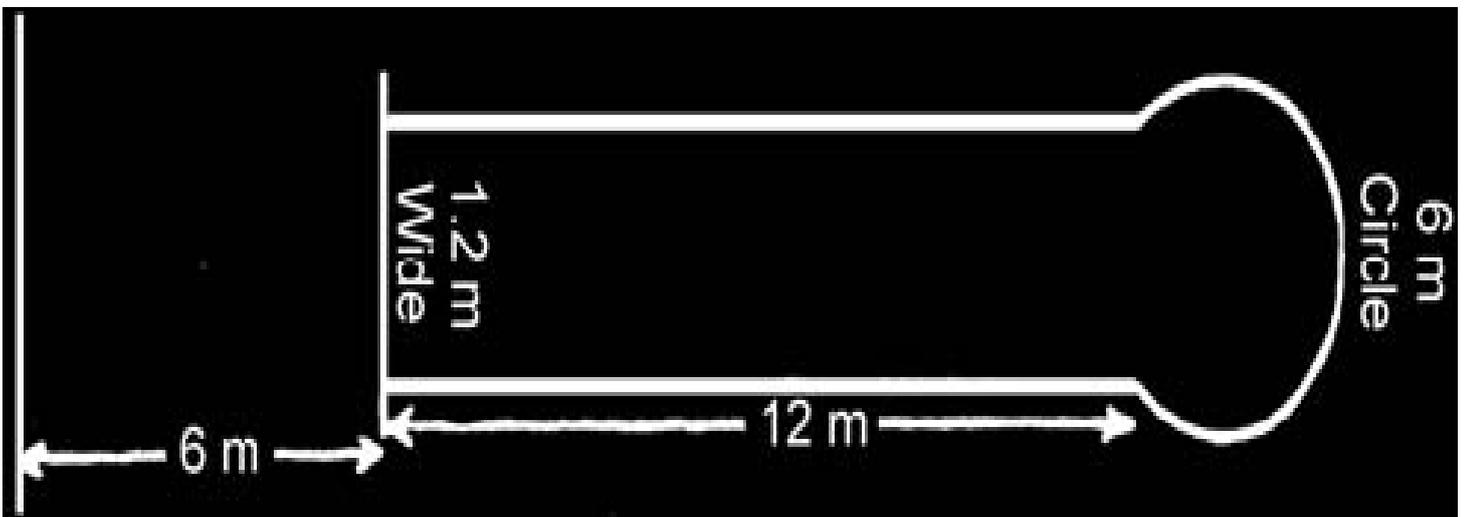

KEY HOLE RACE

A lane 12m long and 1.2m wide is marked with whiting, make a circle 6m in diameter on one end of the lane.

The starting line is at the end of the lane opposite the circle. Another line is made 6m before reaching the starting line. This is a timed event and time starts at the starting line entering the lane.

The rider must have his horse inside the back line and the horse must stop his forward motion before starting the race. He then has 6m to start the horse before time begins, at the entry of the lane. Competitor rides down the lane turning inside the circle and returning down the lane. Time starts and stops upon entering and leaving the lane. Rider will be disqualified if a horse steps on or over the line. If a horse steps back across the first line, an additional stop of his forward motion shall be required in the 6m zone. After the original crossing of the first line, 30 seconds will be allowed to enter the lane. Three judges will be used.

Note: The 6m line is to create a 6m zone and does not have to be drawn all of the way across the arena. The rider may enter the zone at any place.

TROT RACE

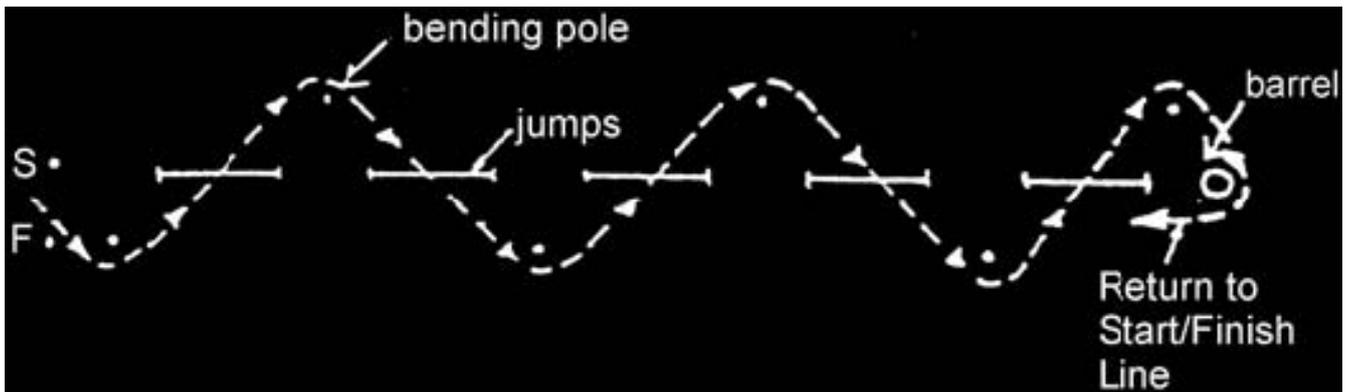

Heats to be run with appropriate numbers to be selected according to the size of the track. These heats are timed and riders placed accordingly. Judges will be at the start and finish of event, and also spread around the track to eliminate any competitor that breaks into a cantering stride. Those riders who are eliminated are to pull back without any interference to the other competitors. No whips are allowed.

3. Spacing between the lines of pegs will be 12 metres.
4. There will be a demarcation line 6 metres out from the line of pegs and a steward will supervise each demarcation line.
5. Crossing the demarcation line will incur disqualification. The competitor is deemed to have crossed the demarcation line if one or more of the horse's hooves are placed on or over the line.
6. Pegs shall be between 1.35 and 1.5 metres high. At the State Championships, the base will be a cement block the size of a 4 litre ice cream container with a 25mm inside diameter UV in the centre. The base of the block is to be concrete. The pole will be of UV colour grey 20mm outside diameter.
7. Mugs will be placed on the three pegs nearest to the starting line, i.e. pegs 1, 2 and 3. At State Championships mugs must be enamel.
8. On the signal to start, the competitor will take the mug from peg number 3 and place it on peg number 4, then take the mug from peg number 2 and place it on peg number 3, and finally the mug from peg number 1 and place it on peg number 2 and proceed to cross the finish line.
9. If a rider knocks down a peg or drops a mug, he/she must immediately correct the error before continuing the race. Riders must be mounted when replacing mugs.
10.
 - a. At State Championships no horse may be held or accompanied to the starting line or outside assistance given. Penalty for breach of this rule is disqualification.

All Clubs and Zones will be deemed to have adopted the above Rule 10(a) for the respective Club or Zone fixtures unless a Club or Zone at a properly convened Club or Zone Committee Meeting resolves to permit mounts of children under 13 or such lesser age the Club or Zone elects to be held at or accompanied to the start of the race, and that in the event of a child under 13 or such lesser age as the Club or Zone Committee elects, dismounting to pick up a Mug or Pole, such a child may be assisted to catch his or her mount and remount.
11. Schooling on the course is not permitted.
12. If at the judge's discretion a false start is declared, competitors will be recalled by whistle or bell.
13. At State Championships all competitors will complete one timed run with the five fastest contesting the final. The first past the finish line will be the winner.
14. The winner and placegetters are declared when the riders have passed the finish line, mounted on their horses, with all pegs and mugs in place and their course has been completed in accordance with the rules.
15. In the event of all competitors in the final being disqualified for infringement of rules, the final will be re-run to determine the winner.
16. If all competitors in the re-run of a final are disqualified for infringement of rules, there will not be a further re-run. Competitors will be placed according to their qualifying times for the final.
17. If some of the finalists are eliminated for infringement of rules in the final, the eliminated competitors will be placed according to their qualifying times for the final.
